The companies identified on these pages are a complete list of those portfolio companies of HOF Capital's clients (i.e., funds) as of September 30, 2024, except that certain portfolio companies may be omitted by HOF Capital to the extent necessary or advisable in order to comply with applicable confidentiality restrictions. Readers should not assume that any companies identified herein have been, are currently or will continue to be profitable. Past performance is not indicative of future results, which may vary. Nothing on this website should be construed as an offer to sell securities of any investment fund or a solicitation of offers to buy any such securities. Any investment funds managed by HOF Capital are offered to selected investors only by means of a limited partnership agreement, LLC operating agreement or similar documentation and related subscription materials which contain significant additional information about the terms of an investment in any such fund (such documents, the "Offering Documents"). Any decision to invest must be based solely upon the information set forth in the Offering Documents. All investments involve risks, including the risk that the entire amount invested may be lost. Alternative investments are appropriate only for eligible, long-term investors who are willing to forgo liquidity and put capital at risk for an indefinite period of time.
